Resume

I am highly motivated, passionate about web development and have a strong desire to learn and grow in the field. I have 4+ years of experience in building responsive and mobile- friendly web applications and have a good understanding of user experience and web design principles.

During my time I have developed my skills in JavaScript and Node JS to a higher standard, using them to create dynamic and interactive user interfaces.

I am a team player and have good communication skills, which have enabled me to work closely with designers, project managers and other developers to deliver high-quality products.
